

Overview

Need to bring in more leads? Home Service Referral websites are a great source of additional leads. These websites provide leads via people searching for specific home services.

Description

Home Service Referrals are websites that focus on home services. These websites provide groupings of businesses in specific industries. Businesses can provide contact information but also specific information about their services and pricing.

The Home Service Referrals project will create accounts on home services websites. These include Angie's List, HomeAdvisor, Thumbtack and Nextdoor. Each account will be standardized with business information and a logo. A weekly report of review results will be provided.

Benefits

- Bring in additional leads
- Increase awareness of business on home service referrals websites
- Standardize home service referrals website accounts

Scope of Work and Costs

- \$500 (one-time)
 - Claim or create home service referral accounts
 - Add business information and logo
- \$250 - monthly reports
